WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Pittsburg qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 17th day of March, 1951, at 10 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such

sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate the sum of \$900 to purchase a tract of land, three acres more or less, immediately adjoining the present site of the Pittsburg School.
10. To see if the district will vote to authorize the School Board to sell the Danforth School Property.
11. To transact any other business that may legally come before this meeting.

Given under our hands at said Pittsburg this 26th day of February, 1951.

SUPERINTENDENT'S REPORT

To the School Board and the Citizens of the School District of Pittsburg.

Foreword

If we stop for a moment to look into the future, during these days of increasing uncertainty, we have reason for grave concern. At first we may be a bit prone to think of expenses. With the cost of living steadily rising, accompanied with the parallel raises in salaries in all types of work generally, overall increases in school operational costs can be expected. Add to this general contributing factor those in our schools of even larger enrollments, still higher tuition rates, an alarming scarcity of elementary teachers, continued expansion and improvement to provide more adequate facilities and equipment, and no state aid in some cases, the necessity of increases in the school budget becomes apparent.

As has been pointed out in previous reports, however, the matter of primary concern to us is the extent to which we are providing a training which will help our boys and girls to meet the perplexing situations, and solve more adequately the difficult problems in future life. This means that as the boy or girl progresses through the work in the successive grades in his or her school life, it is highly important that opportunities be provided for him or her to apply the facts and concepts learned. In this way only can that understanding, self reliance and basically sound judgment be developed, which will ultimately result in a philosophy of life of thought and action which will help to make this a better world in which to live.

Teachers

Three new teachers have been employed this year. In the high school Francis C. Wilson, a graduate of

Keene Teachers College last June, has been employed as principal and to teach Shop and the Physical Sciences. Vera F. Gilpatrick, an experienced teacher from the University of New Hampshire, teaches Home Economics and Junior High School Mathematics. In the elementary grades Esther H. Bean, an experienced teacher, is the teacher of Grades 3-4. We are extremely fortunate, during this period of shortage of teachers, to have five of our veteran teachers continue working with us. High school teachers and the respective subjects taught include Helen Barclay, English and French; Lula G. Bakoulis, Mathematics and Social Science; and Marion K. Gray, Commerce and Mathematics. Doris E. Fissette and Eva S. Scott are again teaching Grades 5-6 and 1-2 respectively.

Enrollment and Attendance

At the time of this writing 133 pupils are enrolled in our school as compared to 137 last year. Of the present number 33 are in the high school and 100 are enrolled in the first eight grades. Only one tuition pupil from Clarksville is at the high school. Eight Pittsburg pupils from the Hall Stream Section are enrolled in the West Stewartstown School. The average percentage of attendance during the past year was 94.54 in Grades 1-6, 90.29 in Grades 7-8, and 92.07 in Grades 9-12. The average number of tardinesses per pupil for the same groups was .35, 1.00, and .33 respectively.

Notes on the Budget

The School Board's Budget for 1951-52 is \$56,406, which includes \$42,786 for operational expenses and \$13,620 for principal and interest payments on the bond issue to finance the construction of the new building. The current year's budget is \$54,897 of which \$41,037 and \$13,860 are for operating cost and bond issue obligations respectively. Since no state aid is anticipated the estimated income is confined to a possible \$600 for tuition which makes the requested appropriation \$55,806.

New School Building

Although all the details and incidentals in the construction of the new school building are not completed to date, enough has been done to assure the district a sturdy structure attractively designed externally, and with a well organized and beautifully decorated interior, which provides the facilities and operational features comparable to those found anywhere in the state. The overall effectiveness of the interior is further enhanced by all new equipment, with which the unit is furnished throughout. The school furniture, finished in a light natural color, stands out at its best in the profusely lighted classrooms with the light pastel shades on the walls in the background.

Pupils and teachers moved into the new building on Saturday, January 6. Since that time regular classes have been conducted daily. It is now possible to carry out activities and to provide experiences in the Shop and Home Economics Classes which was not possible previously due to the lack of facilities and equipment.

When the building is finally completed and accepted by the School Board and Building Committee, it is planned to hold open house and to have a dedication ceremony. In the meantime the public is cordially invited to visit the building at any time.

A financial report of the building fund will be found on subsequent pages of this report as of July 1, 1950.

Health

The increase in the number of pupils who are attending the dental clinic indicates a growing interest in this very important service. In the regular health supervision, periodic examinations and check-ups have been made with special attention being given and follow-up work done in some cases.

Legislation

Although the educational bills relative to state aid have not yet come up for discussion and consideration at the present session of the Legislature, the indications are, in so far as the proposed formula for determination and distribution of possible funds is concerned, that little or no financial assistance may be expected by the school district from the state.

Conclusion

In light of the present world situations, and of what may be found over the horizon just ahead, the obligation of our schools to do everything possible to help our boys and girls to effectively meet these conditions becomes paramount.

Again I wish to express my sincere appreciation to the members of the school board, parents, teachers and citizens for all the cooperation received in our work together to maintain high standards in our schools.

Respectfully submitted,

ERNEST B. DANA

*The starred items are required by law to be raised as determined by the proper authorities. The salaries of the district officers are determined by the district. A relationship, which takes into consideration school membership and assessed valuation, determines the proportionate share of the salaries paid by each district for personnel employed by the supervisory union. The State Treasurer reports the amount of the per capita tax. The Retirement Board assesses the amount for Teachers' Retirement.
